College of Physicians of Philadelphia
South Carolina Academy of Family Medicine
Pennsylvania Academy of Family Medicine
Society of Teachers of Family Medicine

MAJOR ACTIVITIES AND RESPONSIBILITIES

Chief Physician Executive, MUSC Physicians

- P&L responsibility for MUSC Physicians, a 501C corporation
- Growth 6-9% year over year; 120+ days cash on hand
- Clinical revenue growth of 56% over past five fiscal years
- Clinical FTE growth of 32% over past five fiscal years
- $1.1 billion in annual revenue FY 2026
- Doubled the MUSCP investment portfolio from $95,000,000 to $202,000,000.
- 1800 clinical providers and 1600 employees (3200 providers for health system)
- 2.4 million annual visits; 3 million patient calls annually

- Added 400,000+ square feet in clinical ambulatory space, including new offices in new locations, four large multispecialty buildings, and two new (each 80,000 square foot) Medical Office Buildings to be opened in 2025 and 2027.
- Leading initiatives in online scheduling, improving patient access and digital transformation
- Direct reports in legal, compliance, human resources, finance, revenue cycle, payor contracting, clinical operations, business operations.
- Reporting relationship of eight CMOs and associate CMOs across the health system.
- Lead population health initiatives including a MSSP ACO (54,000 covered lives) and 15 other value based payment programs with upside and downside risk.
- Serve on the University President Council, the highest decision making body for the entire enterprise.

Chief Physician Executive, MUSC Health

- MUSC Health has grown from 4 hospitals in 2019 to 18 hospitals in 2023, and from 2.1 billion to 8.1 billion in revenue in FY26
- Highest ranking physician in the health system. Lead 6 CMOs and 160 medical directors across the system.
- Co-champion with system COO for all Integrated Clinical Centers of Excellence (ICCE), the clinical construct for the health system;18 ICCEs are the clinical service lines of MUSC Health, each led by a physician and administrator dyad.
- Developing and implementing provider employment models; from two models in 2018 to 5 models in 2023.
- Head of Growth Pillar, one of six pillars for the health system (finance, quality, service, people, innovation, growth); reporting to health system leadership and Board of Trustees.
- Key Health System and Practice Plan committees: MUSC Health Executive Committee; Funds Flow Executive Committee; Clinical Practice Executive Team; Health Services Committee, co-chair; Strategic Manpower Committee, co-chair
- Health Alliance is the health system's population health team that oversees over 15 value based payment models including a MSSP ACO, bundled payments, and other programs with upside and downside risk
- Leadership in overall physician growth for the health system. Includes a community physician practice that grew from an initial 126 providers in 2019 to 1200 providers in 2025 in a community based practice organization
- Led acquisition of the physician practices in the Florence and Lancaster Markets; growth from zero to 126 physicians at the time of acquisition in 2019. This was our first large community physician expansion.
- Helped lead the acquisition of the Midlands physician practice in August 2021, 110 providers in the Columbia market; Upstate providers July 2021, 60 providers; Orangeburg providers February 2023, 100 providers.
- Other notable health system physician acquisition includes a 120 provider primary care group practice in FY26; this is significant as it takes MUSC from #3 to #1 in the market.
- Lead MUSC Health Partners, the community facing physician group of the academic faculty practice plan; growth from 50 providers to 120 providers in the past three years. Notable physician acquisitions include a 15 provider community cardiology practice and a 35 provider pediatric group practice.
- Tidelands Health System integration into MUSC (Board Member, Tidelands Health system), a four-hospital system in Myrtle Beach; also includes 200 employed providers.
- Beaufort Memorial health system clinical affiliation (Joint Oversight Committee)
- Clemson clinical collaboration; developing and implementing a clinical strategy with Clemson Athletics, Clemson Student Health, Clemson Counseling Center, and Clemson Employee Health.
- Citadel clinical collaboration starting in July 2022; developing and implementing a clinical strategy to oversee and manage Citadel Student Health services. Expanded to include Mental Health and Athletics services in 2023.
- College of Charleston clinical collaboration, started in 2020; developing and implementing a strategy with College of Charleston Athletics, Student Health, and the Counseling Center.
- Developed the Office of Physician Recruitment (direct report to the Chief Physician Executive); over 70 physician hires in first year in 2022 and 160 new physicians in 2025. Grew the professional recruiter team from 2 FTEs to 25 FTEs.

- Developed the Academic Integration Officer role (direct report to the Chief Physician Executive); this new position in 2021 is responsible for integrating the academic missions into the health system, including developing two new GME consortiums. This office has developed and oversees five new GME community based residency programs across the health systems.
- Developing and expanding clinical collaborations with four MUSC health sciences colleges: College of Nursing, College of Dental Medicine, College of Health Professions, and College of Pharmacy.

Associate Dean for Primary Care and Community Health, Drexel University College of Medicine

- Develop the strategic growth plan for primary care at the College of Medicine
- Oversee and coordinate all primary care initiatives at the College of Medicine
- Liaison between the College of Medicine and other Schools/ Colleges across the University on all primary care initiatives
- Represent the College of Medicine in the area of primary care regionally and nationally
- Increase outcome-based health services related research at the College of Medicine and University
- Develop and lead the Council on Primary Care and Community Health
- Lead 52 primary care physicians and oversight of 11 primary care offices with over 75,000 visits annually; goal of delivering outstanding clinical care and excellent quality outcomes with the highest possible patient satisfaction and clinical efficiency
- Oversee the effort to maximize the quality incentive payments from insurance companies; in 2016 we doubled our quality incentive payment to over $600,000 from our single largest payor.
- Led an Accountable Care Organization, a 503c corporation, the Performance Physicians Network of Philadelphia, aligning the physician incentives with value transformation; we have brought in $2,800,000 in additional revenue to the College in four years 2013-2017.

Drexel University Physician Board Chair 2014-2016

- Chair the 8-member Executive Committee that meets bimonthly
- Chair the 20-member DUP board that meets monthly
- Served a two-year term. Appointed by the Dean of the College of Medicine
- 275 physicians multispecialty group
- $130,000,000 in annual clinical revenue
- Lead the academic faculty practice plan
- Develop the strategic growth plan
- Work with the non- physician CEO
- Represent the university physician practice plan to key parties within and external to the organization

Department Chair

- Responsibilities include fiscal, operational, and strategic planning and oversight for a department with 24 employed faculty, over 35 volunteer faculty, 24 residents and fellows, 29 staff, and 5 clinical practices with over 48,000 patient visits annually.
- Department clinical offices include an urban family medicine center, two additional urban offices, a faculty suburban practice site, and the University Student Health Center.
- An accredited family medicine residency, a sports medicine fellowship, and a palliative care medicine fellowship. We oversee 28 teaching clinical sites for the required 3rd year medical student clerkship, providing a primary care educational experience for 265 students annually.
- Department has 4 Divisions – Medical Humanities, Medical Informatics, Geriatric and Palliative Care Medicine, and Sports Medicine. We teach 5 required pre-clinical courses – Biostatistics, Bioethics, Community Medicine, Chronic Care Conditions, and Healthcare Financing.
- Experience in interdepartmental program development.- Orthopedics in sports medicine, OBGYN in women's health, and Internal Medicine in primary care

- Experience in interdisciplinary collaboration – co- leader of an educational task force working with the College of Nursing senior leaders on interdisciplinary educational initiatives
- Experience in managing groups – doctors, staff, managers, administrators
- Experience in directing large groups – Medical Executive Committee of DUP, 275 multidisciplinary university physician group with $130,000,000 annual revenue
- Experience in recruiting outstanding faculty physicians and staff for the department; also serve on the 8-member DUP executive committee that oversees all hiring for the entire university physician practice group.
- Financial knowledge and fiscal integrity capability – led department from a $400,000 deficit in 2005 to $200,000 profit in 2015 with annual operating budget of over $8,400,000
- Operational knowledge – clinical, educational, administrative, university
- Strategic plan development and implementation
- Increased collaboration with other departments and colleges
- Directed educational programs at medical student, residency, and fellowship levels
- Initiated research and scholarly activity development in the department. All faculty required to be involved in scholarly activity throughout the year; this has helped lead to a quadrupling of academic publications and national presentations annually by the faculty since 2005. In 2016, our faculty had 45 papers submitted for peer reviewed publication.
- Increased research related external funding; obtained over $700,000 in funding in 2012-2016 ($300,000 Pew, $200,000 CMS, $70,000 NIH, $100,000 DOD, $30,000 AAFP). Have submitted three HRSA grants totaling over 5 million; most recent one was a 3.5 million grant to integrate behavioral health and primary care in 2016.
- Led the department in faculty professional development programming.
- Our department practice was the first to use the EMR system Allscripts (2009), and we played key roles in the implementation of EMR at Drexel University College of Medicine
- Increased departmental footprint from 3 offices to 5 offices, and tripled the occupied square footage by the department
- Led the department in the successful process of achieving NCQA level 3 certification (July 2011) and recertification (July 2014) in one office, and NCQA level 3 certification in another office (June 2015)
- Entrepreneurship in academic medicine – creating opportunities in the face of challenges

Chief Division of Sports Medicine

- Responsible for creating a new full-service division within the department, building and implementing programs in sports medicine and musculoskeletal health
- Developed clinical practices, research projects, and educational programs
- Started a fully accredited sports medicine fellowship, led accreditation and re-accreditation of the fellowship.

LEADERSHIP DEVELOPMENT

- AAMC Workshop for Department Chairs and Associate Deans. Key Largo, FL 2006.
- Harvard Course for Clinical Service Chiefs. Boston, MA 2010.
- ACPE Physician in Management Seminar. Naples, FL 2012.
- Certified Diversity Executive. Charleston, SC 2022.
- Instructor in the MUSC Leadership Development Institute
- Speaker at the Clemson Leadership Development Institute

64. *Update on Sports Medicine: A Panel Discussion*. Panel Chair. Kynett Annual Preceptorship Lectures. Thomas Jefferson University. April 2002. Philadelphia, PA

65. *The Pre-participation Physical Exam*. University of Delaware Eastern Shore Symposium. June 2001. Rehoboth, DE

66. *An Approach to Knee Pain*. Pennsylvania and New Jersey Academy of Family Practice Joint Annual Meeting. June 2001. Philadelphia, PA

67. *Chest Pain in Adolescents and Young Adults*. Kent General Hospital Medical Staff Grand Rounds. January, 2001. Dover, DE

68. *Providing Medical Coverage for Athletic Events*. A two-day course for Jefferson Health System primary care residents. August, 1999 and 2000. Philadelphia, PA

69. *Acute Ankle Injuries in Athletes: "The Ankle Sprain"*. Jefferson Physical Medicine and Rehabilitation Grand Rounds. January, 2000. Philadelphia, PA

70. *To Spank or Not to Spank: Reviewing the Medical Literature*. Jefferson Family Medicine Grand Rounds. May, 1999. Philadelphia, PA

71. *The HIV Wasting Syndrome*. Jefferson Family Medicine Grand Rounds. February, 1999. Philadelphia, PA

72. *Outpatient Management of Chronic Obstructive Pulmonary Disease*. Jefferson Family Medicine Grand Rounds. February, 1998. Philadelphia, PA

73. *Common Overuse Injuries of the Upper Extremity*. Jefferson Family Medicine Grand Round. November, 1997. Philadelphia, PA

74. *Identifying Barriers to Maternal-Child Healthcare in a Medical Assistance Population: A COPC Approach*. Society for Teachers of Family Medicine Annual Meeting. April, 1997. Boston, MA

75. *Lumbar Sympathectomy in Peripheral Vascular Disease*. Tufts Vascular Surgery Grand Rounds. December, 1993. Boston, MA

RESEARCH

1. *Mental Health in College Athletes: Prevalence of Depression Symptoms*. PI. MUSC IRB approved 2021. Not funded.

2. *Portable Device for Traumatic Brain Injury Evaluation.* PI. MUSC IRB approved 2019. Department of Defense and Engineering Acoustics SBIR funded

3. *Feasibility of ECG Screening in College Athletes*. Site PI. Drexel IRB approved 2013. NCAA funded multi-site research grant.

4. *Development of a Fieldable Brain Trauma Analyzer*. PI. Drexel IRB approved 2012, renewed 2013. Department of Defense SBIR funded.

5. *Prevalence of Depression in College Athletes*. Co-Principal Investigator. Drexel IRB approved 2012.

6. *Injury Surveillance at the Pennsylvania State Games*. Co-Investigator. Drexel IRB approved 2011.

7. *Examining the Impact of Concussion and Driving Ability*. Co-Principal Investigator. NIH R03 submission June 2009. Funded. Drexel IRB approved 2010. NIH R01 submission June 2013.

8. *Gastrointestinal Symptoms in College Runners*. Co- Investigator; survey study. Drexel IRB approved 2009. Dr A Ahmad, Principal Investigator.

9. *Football Helmets and Increased Risk of Concussion*. Principal Investigator. A pilot study of improperly fitting helmets leading to an increased risk of concussion in college football players. Also, a survey study in high school football players. Drexel IRB approved 2009.

10. *Aortic Root Size in Tall College Athletes*. Co-Principal Investigator. Observational study of normative values of aortic root size in exceptionally tall college athletes. Drexel IRB submitted 2009.

11. *Insomnia in the Elderly*. Co-Investigator; clinical trial. Drexel IRB approved 2008. Dr M Sherman, Principal Investigator.

12. *Exercise Induced Asthma in College Varsity Athletes*. Co-Principal Investigator. A prospective study comparing nebulizer treatment versus meter dose inhaler measuring peak flows pre and post exercise. Drexel IRB submitted 2006.

13. *Musculoskeletal Education in Family Medicine Residencies*. Co–Investigator. A survey study of programs in six states assessing the perception of graduating residents on the quality of their musculoskeletal residency education. IRB approved 2003.

14. *Effect of Viscosupplementation on Gait Analysis*. Co-Investigator. A prospective study to investigate the biomechanical effect of viscosupplementation. TJU IRB approval June 2001.

15. *Ultrasound guided percutaneous debridement for lateral epicondylitis*. Co-Investigator. A prospective study for chronic tendonosis of the elbow. TJU IRB approval January 2002.

16. *Do Bone Contusions of the Knee Lead to Osteoarthritis?* Co-Investigator. A retrospective study of incidental knee bone contusion findings on MRI, and the subsequent development of osteoarthritis. TJU IRB approval March, 1999. Arthritis Foundation Clinical Science Grant submitted September, 1999.

17. *Knee Bone Contusions: Effect of Weight Bearing on Symptoms and MRI Resolution*. Co-Investigator. TJU IRB approval September, 1998.

18. *Incentive Spirometry in National League Football Players*. Co-Investigator. Observational study of normative values and a case study of RAD exacerbation in a Philadelphia Eagles football player. 1998.

19. *Identifying Barriers to Care*. A study of a maternal-child population receiving medical assistance, using the community oriented primary care model. 1997.

20. *Surgical Options in C. Difficile Colitis*. Case series of diverting colostomy versus total colectomy for surgical treatment. 1995.

PEER REVIEWED PUBLICATIONS

Book

Mental Health in the Athlete: Modern Perspectives and Novel Challenges for the Sports Medicine Provider. Edited by Hong, E and Rao, A. Springer. 2020.

Book Chapters

1. * Garza, A; Berkoff, D; Hong, E. "Lacrosse Medicine". A chapter in Netter's Sports Medicine, 4th Edition. Edited by M Putukian. 2026.

2. * Hinton, R; Hong, E; et al. "Lacrosse Youth Injuries". A chapter in Youth and Adolescent Sports Medicine. Edited by Drs B Krabow and A Brooks. In review and expected publication in 2023.

3. * Hong, E; Sutton K; et al. "Lacrosse Sports Medicine". A chapter in Netter's Sports Medicine. Edited by M Putukian. 2022.

4. * Hong, E and Nassim, A. "Lacrosse Injuries". A chapter in Netter's Sports Medicine. Edited by Drs C Madden and M Putukian. 2017.

5. * Hong, E and Hoffman, S. “Non-operative Management of Hip Pain”. A chapter in Core Muscle Injuries. Edited by Dr W Meyers. 2017

6. * Sandella, B and Hong, E. “Injury Prevention”. A chapter in Lifestyle Medicine. Edited by Dr S Poddhar. Lipincott, Williams & Wilkins. 2013.

7. * Zillmer, E; Hong, E; Weidensaul, R; Westerfer, M. “Managing Sports-Related Concussions in Intercollegiate Athletics: The Insider’s Perspective”. A chapter in The Handbook of Sport Neuropsychology. Edited by Dr F Webbe. Springer Publishing, 2011.

8. * Hong, E. “Splenic Contusion”. A chapter in The 5 Minute Sports Medicine Consult. Edited by Dr M Bracker. Lipincott, Williams & Wilkins, 2011.

9. * Mayer, C and Hong, E. “Ankylosing Spondylitis”. A chapter in The 5 Minute Sports Medicine Consult. Edited by Dr M Bracker. Lipincott, Williams & Wilkins, 2011.

10. * Hong, E and Anderson, L. “Sudden Cardiac Death”. A chapter in The Encyclopedia of Sports Medicine. Edited by Dr L Micheli. Sage Publishing, 2010.

11. * Hong, E and Anderson, L “Bursitis of the Shoulder”. A chapter in The Encyclopedia of Sports Medicine. Edited by Dr L Micheli. 2010 Sage Publishing.

12. * Hong, E and O’Brien, K “Peroneal Strain”. A chapter in The Encyclopedia of Sports Medicine. Edited by Dr L Micheli. 2010 Sage Publishing, 2010.

13. * Hong, E and O’Brien, K “Sesamoiditis”. A chapter in The Encyclopedia of Sports Medicine. Edited by Dr L Micheli. Sage Publishing, 2010.

14. * Beck, K and Hong, E “Shoulder Dislocation”. A chapter in The Encyclopedia of Sports Medicine. Edited by Dr L Micheli. Sage Publishing, 2010.

15. * Beck, K and Hong, E “Stress Fractures of the Hip”. A chapter in The Encyclopedia of Sports Medicine. Edited by Dr L Micheli. Sage Publishing, 2010.

16. * Uribe, L and Hong, E “Hamstring Injuries”. A chapter in The Encyclopedia of Sports Medicine. Edited by Dr L Micheli. Sage Publishing, 2010.

17. * Hong, E. and Mahamitra, N. “Septic Arthritis and Bursitis”. A chapter in Essential Infectious Disease Topics for Primary Care. Edited by Dr N Skolnik. Humana Press, 2008.

18. * Hong, E. and Dassel, J. “Musculoskeletal Injection Techniques”. A chapter in Minimally Invasive Musculoskeletal Pain Medicine. Edited by Drs M Freedman, W Morrison, and M Harwood. Taylor & Francis, 2007.

Editor Experience

- Assistant Editor, Current Sports Medicine Reports
- Guest Co-Editor, British Journal of Sports Medicine February 2016 issue

Reviewer Experience

- Academic Administrative Units Grant Reviewer, Health Resources and Service Administration, Department of Health and Human Services
- Physician Reviewer, *The* Journal *of Musculoskeletal Medicine*
- Editorial Research Panel Physician, *The* Physician *and Sports Medicine*
- Peer Reviewer, *The Journal of the American Board of Family Medicine*
- Peer Reviewer, *Current Sports Medicine Reports*
- Peer Reviewer, *British Journal of Sports Medicine*
- Peer Reviewer, *Sports Health*

GRANTS/ AWARDS/ CONTRACTS

1. Health Resources and Services Administration. “Creating the Center of Urban Integrated Care for Behavioral Health and Primary Care”. $3,500,000. Principal Investigator. Submitted January 2016. Not funded.

2. Wyss Foundation. “Integrating Behavioral Health and Primary Care”. $200,000. Principal Investigator. Funded January 2015.

3. National Institutes of Health. “An innovative, physical activity-focused approach to weight loss”. $2,709,126. Co-Investigator. PI Butryn, M. Application R01. Submitted Oct 2013. Funded Sept 2014.

4. National Institute of Health. “Cognitive impairment and driving ability in concussed individuals”. Co-investigator. PI Schultheis, M. Application R01. Submitted June 2013. Not funded.

5. National Institutes of Health. “Low back pain and physical therapy approach”. Co-Investigator. PI Silfies, S. Application R01. Submitted 2012. Not funded.

6. National Institutes of Health. “Reducing Cardiovascular Risk: Internet and In-person Acceptance-based Approaches”. $1,516,234. Co-Investigator. Application # R01 HL106057-01A1. Reviewed 6/2011. Impact/ Priority Score 34; Percentile 21. Not funded.

7. National Institutes of Health. “Examining the relationship of cognitive impairment and driving following concussion”. $77,040. Co-Principal Investigator. Submitted November 2009. Resubmitted July 2010. Application # 1 R03 HD064847-01. Funded.

8. Department of Defense, SBIR grant. “An Investigative Tool for Concussion Diagnosis”. $107,000. Co-Investigator. Submitted March 2010. Funded.

9. Health Resources and Service Administration, DHHS, Primary Care Residency Training Grant. “Geri ARCH”. $750,000. Co-Investigator. Submitted March 2011. Not funded.

10. Health Resources and Service Administration, DHHS, Primary Care Residency Training Grant. “Geriatric Residency Training”. $840,000. Co-Investigator. Submitted April 2010. Not funded.

11. Pennsylvania Governors Office for Health Care Reform, Chronic Care Initiatives grant. $12,000. 2009. Principal Investigator. Funding to improve care of chronic medical conditions and implement patient centered medical home programs in our department. Funded.

12. American Medical Society for Sports Medicine Foundation research grant application. Submitted January 2009. Resubmitted December 2009. “High School Football Helmets, Proper Fit, and Concussion Risk”. $30,000. Principal Investigator. Not funded.

13. Drexel University Athletic Department. 2005- present. $37,500 annually. Secured Head Team Physician services.

14. Drexel University Student Health Services. 2005-present. $570,000 annually. Secured student health services providing care for 22,000 undergraduate and graduate students.

15. Resources for Human Development. 2004-present. $27,000 annually. Secured physician services to provide physician collaboration and support for 3 nurse practitioner managed federally qualified health centers.

16. Philadelphia University. 2004-present. $11,000 annually. Secured physician services for university health center providing care for 2,000 undergraduate students.

17. Plymouth Whitemarsh School District. 2003- present. $5,600 annually. Initiated and secured contract for Team Physician services.

18. Arthritis Foundation, Eastern PA Chapter. $4000. 2006. Funding to develop the Medical School Musculoskeletal Education Clinical Skills Pilot Project. Principal Investigator. Funded.

19. American College of Rheumatology grant application. Submitted 2005: “Inflammatory Arthritis Screening Tool for Primary Care Providers”. $20,000. Co-Principal Investigator. Not funded.

20. Pennsylvania Department of Health. $3000. 2004- 2005. Chair State Task Force on Professional Education, PA Arthritis Action Plan.

21. Clayton School District. 2000-2003. $8,000 annually. Initiated and secured contract for School Physician and Team Physician services

22. Glassboro School District. 2000-2003. $2,000 annually. Initiated and secured contract for Team Physician services

MULTIMEDIA EDUCATIONAL WORK

Sports Medicine CAQ Study Guide. Contributor and Question Writer. Published by AMSSM, 2012-2018.

Sports Medicine Inservice Training Exam. Section Editor and Question Writer. 2010-2012.

Sports Medicine and Musculoskeletal Curriculum Guidelines. Revised and updated by Heiman, D; Hong, E at al. Online format and in print. National recommended peer reviewed curricular guidelines for the American Academy of Family Physicians. 2009.

Physical Examination of the Shoulder. Written and directed by Peitzman, S and Hong, E. In DVD format. Produced by Drexel College of Medicine and the Arthritis Foundation. 2006.
